

Hello, Shorewood Hills Pool members!

1. Swim Lesson registration will open on **Saturday, April 12th, at 10:30am CT**. You'll open a SignUpGenius form (<https://www.signupgenius.com/go/10C0B44AFA62DAAFBCF8-56109521-1stsession>) and use the code **SWS1**.
2. You'll select the time and level you want for the first child you're registering. On the next screen, enter your name (the parent or guardian), your phone number, your child's name (first, last), and their age.
3. **If you are registering multiple children, fill out the form again by clicking Back to Sign Up.**

Please visit the link below to view swim & dive lesson prerequisites and class descriptions. Instructors will adjust students accordingly during the first few days of each session. When in doubt, please select a lower level. It is our desire to have the option of moving participants "up" to a lesson level, rather than having to adjust them "down".  
<https://www.shorewoodpool.com/sites/default/files/Shorewood%20Hills%20Pool%20Lesson%20Level%20Descriptions.pdf>

SignUpGenius will show the number of slots available. **Registration ends Saturday, June 7th, at 10:30 p.m.** To keep registration running smoothly, please keep the following in mind:

1. Participants cannot sign up for both dive and swim lessons.
2. Dive team participants cannot take diving lessons.
3. Participants cannot be signed up for multiple lessons, whether that's the same level at different times or different levels at the same time.
4. **After registration begins, we will adjust class sizes once we evaluate the numbers. If the class you'd like to register for is full, more spots may become available in the days after registration starts.**
